Meet the Advocate!

As the new Business Development Manager, Sarah Benoit oversees DVACK's human resources, training, and fundraising. Sarah has spent the last two decades of her career in banking, mostly serving as a Senior Branch Manager, where she supervised over 30 employees, implemented programs, and hosted community events. Her work in banking administration fueled her passion for human resources and community service. Sarah is thrilled to transition into the non-profit world and experience new challenges, growth, and opportunities. Sarah hopes to make a difference through her career with DVACK and looks forward to working with a diverse team, engaging community members, and witnessing survivors' resilience. When Sarah isn't at sporting events cheering on her teens, Parker and Olivia, she spends her free time playing with her dogs or enjoying a good book or puzzle!

Thank You!

Thank you to Kiwanis International and a community member for donating crucial items to DVACK clients!

Our Community Makes the Difference!

DVACK was rewarded \$5,000.00 by the Greater Salina Community Foundation to address the acoustic challenges of DVACK's current intake and residential space. Current acoustics allow for a high level of sound transmission jeopardizing client confidentiality and create an environment saturated with harsh noise.

Speed Networking!

DVACK advocates Dylan Becker and Karady Taylor participated in Leadership Salina's Speed Networking for Local Non-profits to connect community members to resources, volunteering, and employment opportunities!
