KWU Denim Day Activity

April 27th was Denim Day for Sexual Assault Awareness Month. Many community organizations provided the opportunity for their staff to wear denim in support of survivors of sexual violence. Some of these organizations even had staff donate to wear jeans and they donated the raised funds to DVACK. Carly, DVACK Sexual Assault Campus Advocate, also hosted a Denim Day event where students could learn more about Sexual Assault Awareness Month and write a positive message on the denim jeans provided. Thank you all for your support of DVACK and survivors.
